The Healthcare team of law firm Zamfirescu Racoti Vasile & Partners (ZRVP) has assisted the main shareholder and founding partner of Zetta Clinic, Dr. Dragoş Zamfirescu, in the sale-purchase of shares with two new business partners.

Andreea Constantin, the current general manager of Zetta Clinic, and Dr. Sorin Daniel Nae, a reputed plastic surgeon and Doctor of Medical Science, have joined the shareholder team as partners through the acquisition of shares in the clinic. The expansion of the ownership base represents a new step in the project of development of the clinic. Founded as a boutique clinic in 2013, Zetta Clinic has grown through the professionalism and commitment of its medical team, becoming the only private clinic in Romania and among the fewest in Europe to perform highly complex microsurgery procedures.

„We are happy to have advised Zetta Clinic in the expansion of its shareholder team. This transaction consolidates the position of our Healthcare team as a top player on the legal services market dedicated to the medical sector”, stated **Catalin Micu**, *partner ZRVP*.

The team of lawyers coordinated by **Catalin Micu** (*partner*) and formed of **Alina Cristea** (*senior associate*) and **Alexandra Nania** (*senior associate*), has provided legal counselling throughout all stages of the transaction, including negotiation and drafting of all transaction documents with a focus on corporate and commercial, mergers & acquisitions, and healthcare regulatory aspects.

Zamfirescu Racoti Vasile & Partners counsels healthcare clients in the areas of transactional, litigation and enforcement, regulatory and finance matters. The firm has a strong team of lawyers offering a full range of legal advice to pharmaceutical and medical device companies, hospital and health care systems and other service providers.
