

## Stratulat Albulescu advises GapMinder Venture Partners on its investment in Druid AI-driven chatbots

**Stratulat Albulescu advises GapMinder Venture Partners on its investment in Druid AI-driven chatbots, a company specialized in conversational technology. The financing round which raised USD 2.5M was led by GapMinder and also included another local VC Fund, Early Game Ventures, already an investor in Druid.**

[Druid](#) was founded in 2018 by Liviu Dragan, together with a team of experienced software engineers and business consultants and quickly became one of the most successful AI-focused startups in CEE. Druid is an AI conversational technology company that develops intelligent virtual assistants for Enterprise organizations. Having gained over 50 enterprise customers in just 6 months, with a full-fledged AI-powered platform proposal and partnerships with the world's best consulting and BPO companies and top technology providers, Druid is on its way to becoming one of the big players in the global conversational AI landscape.

[GapMinder](#) is a Venture Capital Fund which aims at providing capital in Seed and Series A rounds for Romanian born start-up companies in the Technology Sector.

This complex matter was dealt with an SAA team which included *Managing Partner* [Silviu Stratulat](#) (who also took the lead), *Partner* **Cristina Man**, *Senior Associate* **Sandra Frunzulica**, *Associate* **Roxana Ioncu**, *Managing Associate* **Anca Ulea** on Employment matters and *Associate* **Madalina Spataru** on IP related ones.
