”Baiculescu și Asociații” is a Law Firm founded by a professional team that has been on the law market since 2012.

Our team has managed to collaborate in the highest level of legal performance before founding our current firm. As a result, our portfolio has seen a client increase, which has brought the Firm into a higher level of organization. Our team is defined by forward-thinking, persuasiveness and dynamic interactions. The foundation of the Firm is Criminal law, with a specialization within the area of white collar crime. Our success rate in this niche area has made us a reference point for prestigious clients and for any type of case in this area, regardless of difficulty.

The firm has forgone the mentality of ”small or big cases” and has managed to retain a reduced portfolio of cases to ensure the best management of cases and keeping our clients permanently up-to-date with their case and involved in choosing the strategy. Thus, we ensure that our clients are part of the success.

”Baiculescu și Asociații” is looking for two junior lawyers to join our team.

We are looking for an inquisitive person, who can think on their feet and has a strong work ethic. At **”Baiculescu și Asociații”** you will be working on white collar crime projects, and will represent our clients both locally and internationally.
