

FINANCING THE TRANSITION TO A SUSTAINABLE BUSINESS. Are the ESG capital markets part of the solution?

Bondoc & Asociatii and Ziarul Financiar organize the videoconference „FINANCING THE TRANSITION TO A SUSTAINABLE BUSINESS. ARE THE ESG CAPITAL MARKETS PART OF THE SOLUTION?” in which we will address issues related to the evolution of sustainable finance on the capital markets and their main benefits/risks.

In short, the videoconference aims to contribute to a better understanding of the current status and the expected trends at European and Romanian level sustainable finance through the capital markets and how it can contribute to the financing of the transition to a sustainable activity in the context of an extremely dynamic and not always easy to digest regulatory framework.
