

SAA goes from strength to strength on its Tech focused adventure adding a new Counsel to its TMT & Data Privacy team

With over 17 years' experience, Costin Sandu is highly experienced in advising on transactional, regulatory and legislative work in broad areas like data protection, information security, e-commerce, and IT contract matters. He provides strategic legal and business advice to national and international clients across a wide range of industries.

Managing Partner **Silviu Stratulat** added: „With the hire of Costin Sandu, we will strengthen our capabilities in data privacy and technology, two areas of pillar importance to our Tech savvy strategy and focus and of great significance to our clients in recent times.”

Before joining SAA, Costin led the data protection department of one of the first international law firms on the Romanian market. Prior to that, he was a member of the banking and finance groups at several prestigious international law firms in Bucharest.

"SAA has a world-class clientele across the technology sector and the firm is still in an exciting growth stage. This is a superb opportunity for me to help further diversify the firm's offering and expand the work being carried out for its TMT sector clients" said **Costin Sandu**.
