Clifford Chance Badea, the local office of global law firm Clifford Chance, advised Aukera Energy in securing a EUR 60 million debt facility from Kommunalkredit Austria AG to finance the construction of its first stand-alone battery energy storage system in Romania. The 250 MW / 500 MWh project, located in Gura Ialomitei, Ialomita County, will be one of the largest storage projects in Central and Eastern Europe and will be delivered in two phases. Phase 1 of the construction is underway, and the full project is expected to be operational by mid-2026.

Aukera Energy focuses on the development, construction, and operation of solar, wind, and battery storage projects. Currently, it is developing a pipeline of over 16 GW across the UK, Germany, Belgium, Italy, and Romania.

For the financing project, the Clifford Chance Bucharest office dedicated a team including **Madalina Rachieru-Postolache** (Partener), **Alexandru Achim** (Senior Associate), **Adelina Seserman** (Senior Associate) and **Martha Busuiocescu** (Associate), who advised on the negotiation and signing of the deal-related documents.

Partner <u>Madalina Rachieru-Postolache</u> said: "I would like to thank the Aukera Energy team for an extraordinary collaboration and for the opportunity to advise them in the first financing project in Romania, which represents a first step in a larger investment plan targeting a total battery storage capacity of 2GW in our country. We wish them success in implementing this strategy."

Senior Associate <u>Alexandru Achim</u> adds: "It is a very dynamic time for the storage segment in Romania, and our Energy practice is advising several high-profile investors with ambitious projects, which will contribute to the development of a sustainable and competitive market in a regional context."

The latest financing project adds to a representative portfolio of such deals successfully advised by the Clifford Chance Badea Energy team. *Public transactions also include*:

- Advising lenders **UniCredit Bank SA and Garanti BBVA**, and **UniCredit SpA** as Facility Agent and Sustainability Agent, in the signing of a financing agreement for a package of non-recourse loans of up to EUR 60 million equivalent (approx. EUR 56 million and RON 22 million VAT facility) with DRI as borrower (August 2025);
- Advising **Banca Comerciala Româna** (**BCR**) in the signing of an EUR 18.5 million financing agreement for the development of a 34.69 MW solar park in Calaraşi County by a company owned by Italian group Alerion Clean Power (May 2025);
